

**INTERMOOR NAMES HARDIN
VICE PRESIDENT PROJECTS, ENGINEERING**

HOUSTON (June 13) – InterMoor Inc., an Acteon company, has named Don Hardin Vice President of Projects and Engineering, InterMoor President Tom Fulton announced today.

Based at InterMoor’s Houston office, Hardin will be responsible for management and oversight of InterMoor’s major projects and engineering, worldwide.

“We are pleased to have Don join our InterMoor team,” said Fulton. “His knowledge, experience and technology focus will be an excellent addition to the Company.”

Hardin has more than 25 years of experience in structural engineering, offshore installation, project management and general marine operations. He has also been involved with research, development and implementation of new mooring technology.

Prior to InterMoor, Hardin worked as Project Manager for Technip USA. While there, he was involved with several key projects including Murphy Kikeh, BP Atlantis and BP Holstein.

InterMoor Inc., an Acteon company, is an industry leader in innovative mooring and installation technology. InterMoor designs, provides and installs integrated mooring systems worldwide for the offshore oil and gas industry. Acteon is a group of specialist engineering companies serving the global oil and gas industry.
