

**INTERMOOR HIRES HSE COORDINATOR
FOR FOURCHON FACILITY**

HOUSTON (August 24) – InterMoor Inc., an Acteon company, has named Randy Giroir Health, Safety and Environment Coordinator for the company’s Fourchon facility, announced InterMoor President Tom Fulton.

Prior to joining InterMoor, Giroir was the HSE Adviser for Oceaneering International’s diving division, which consists of more than 300 employees. Some of his responsibilities included injury/case management, risk management, site inspections and procedural development.

“We are excited to bring Randy on as our HSE Coordinator for Fourchon. With his proven HSE capabilities, we feel confident that Randy will help strengthen InterMoor’s overall HSE efforts,” said QHSE Director Randy Mautz.

Giroir will be responsible for all of the HSE concerns for the InterMoor Fourchon facility. An advantage to having Giroir on site in Fourchon will be faster response times for any issues that may arise as personnel return from being offshore.

InterMoor is a leading supplier of mooring technology providing innovative solutions for rig moves, mooring services and subsea foundations including engineering and design; survey and positioning; fabrication; and subsea services.

Acteon is a group of specialist engineering companies serving the global oil and gas industry.
