

## **UPGRADED WWW.INTERMOOR.COM UNVEILED**

**HOUSTON (April 27, 2009)** – InterMoor, an Acteon company, has successfully launched its information-packed and fully upgraded website, [www.intermoor.com](http://www.intermoor.com).

The new site features information on InterMoor's products and services; a section on the company's project experience; downloadable brochures; printer-friendly formats; an online newsroom; and plenty of ways to connect with InterMoor, including which trade shows, conferences and career fairs the company will attend. An application for employment can even be submitted online.

With the wealth of content available to customers via the website, InterMoor understands time is at a premium for those in the industry. So, they made it easy to find exactly what you are looking for by providing an easy-to-use site search on each page.

"In today's 24-7 online business environment, we felt it was important to update our online presence to better serve our customers' needs," said Tom Fulton, president of InterMoor. "Not only does our upgraded website offer more ways to interact with InterMoor, it also puts product and service information at our customers' fingertips."

InterMoor is a leading supplier of mooring technology providing innovative solutions for rig moves and mooring services including engineering and design, fabrication and subsea installation.

Acteon is a group of specialist engineering companies serving the global oil and gas industry.
