

IOS InterMoor Celebrating 25th Anniversary

HOUSTON (March 3, 2011) – [IOS InterMoor](#), formerly IOS Offshore, is celebrating its 25th anniversary this year. Established in 1986 on the principles of safety, quality and delivery, IOS InterMoor has matured to become a leading supplier of mooring equipment and services to the Norwegian offshore oil and gas industry.

The company began with an office and workshop on the Dusavik base in Stavanger, Norway. Twenty-five years later, the company has its headquarters and principal storage and workshop base in Stavanger with additional operational facilities at several locations along the Norwegian coast.

“Although names, logos and owners have changed during the past 25 years the company vision has remained unchanged,” said David Smith, Managing Director. “IOS InterMoor’s vision is to be an all-around reliable partner for Norwegian offshore enterprises operating all over the world. By focusing on availability and quality at all levels, we will satisfy our customer’s requirements and expectations for products and services.”

[InterMoor](#) is the leading global mooring, foundations and subsea services company, providing innovative solutions for rig moves, mooring services and offshore operations including engineering and design, survey and positioning, fabrication and subsea installation.

[Acteon](#) is a group of specialist engineering companies serving the global oil and gas industry.
